The Generosity of our Volunteers is Inspirational and Invaluable

Grameen Australia continues to be overwhelmed by the incredible generosity of the volunteers that support our work. Our volunteers donate their time and skills whilst managing the multiple demands and challenges of their fulltime jobs.

Over the past few weeks, teams from both AMP and Deloitte have applied their wide range of skills to assess some of our activities and have provided high quality feedback. The insights from these teams are being applied to further improve delivery of our mission.

Thanks to the generosity of these volunteers our program delivery will be further enhanced, ensuring we are better able to deliver on our commitment to overcome poverty in the communities in which we work.

“We develop sustainable social-impact businesses that empower very poor people to climb out of poverty themselves”

Grameen Australia’s MISSION is to eliminate poverty in some of Asia’s most neglected communities by applying our Social Business Model to create new sources of income for poverty stricken families. Our dynamic approach combines compulsory training, ongoing mentoring, microfinance and leading technology to empower beneficiaries to change their own lives permanently. Social Business uses the tools of business – efficiency, economic viability and innovation – to drive scalable and sustainable social outcomes.

Grameen Australia is an Australian not-for-profit organisation with DGR 1 status, which means that donations are fully tax deductible to donors in Australia.
