

Our goal is to use microfinance and social business to build a socially and economically inclusive 'World of Three Zeroes' where all humans lead dignified, meaningful lives

August 2018 #9

THANK YOU, THANK YOU, THANK YOU

We achieved our goal – we have raised more than \$102,000!

We are so grateful to each and every donor for not only your generosity, but also your empathy in reaching out to help our farmers in Cambodia.

Thanks to you all we have reached our target – our Group CEO has just booked his flight and will put a deposit on the land next week.

With your generous support we will build our 'layer farm' and commence our village grower project so that by 2020 at least 2,000 farmers have established their own chicken businesses to secure income and their family's future.

We look forward to updating you as we purchase our land, build our farm and begin training and financing our first village farmers.

A huge thank you for your generosity from the senior management team at the farm.
Including ex scavengers Sal and Nak ...

... And another huge thank you from our Deputy Group CEO, Australia CEO Kat Duun for your incredible support.
